

BEACHFRONT PROERTY

TECH RIDER

(For Four Vocals & MiniDisc Only)

This rider is attached to and hereby made part of the contract dated (date) _____ covering the engagement between **Beachfront, Zajonc/Valenti Management** and (Presenting Organization) _____ scheduled for (performance date) _____. Sound check time will be from (time) _____ until _____ on (date) _____.

Sponsor agrees to provide at no cost to the Artists:

Microphones, Clips & Stands, 2 DIRECT BOXES (D.I.'s) Mixing Console with Professional Sound Engineer, Monitors, Lighting System and Operators, Stage Personnel, Dressing Rooms, Small Stage Table for MiniDisc and Green Room Amenities as listed below.

I. MICROPHONES:

- Please provide 5 high-quality, professional type, hand-held RF, frequency agile microphones. Microphones with cords are not acceptable.
- 5 Wind screens (internal OK)
- 5 clips
- 4 round bottom mic stands, no booms stands please
- 2 Direct Boxes (1/4 inch "in" and XLR "out")

Note: 5th mic, receiver & wind screen are for back-up (spare). Set-up for 4 singers only.

II. MIXING CONSOLE:

Professional quality, minimum 8 channels capable of handling the following demands:

A. 8 Inputs (includes spare vocal mic)

- 4 RF vocal mics (plus one spare, total of five)
- 2 Direct Boxes (1/4 inch "in" and XLR "out")

III. MONITORS - 4 wedges total

- 4 matching professional quality monitors placed in front of the FOUR singers. EAW or JBL 10" or 12" for vocals are preferred (no Peavey). These front wedges will contain a mix of vocals & MiniDisc with final adjustments made during the soundcheck to the singers' specifications.

IV. REVERB:

Please have a professional "Reverb/Effects" system up and running upon Beachfront Property's arrival.

V. AC POWER:

- One AC power strip stage-right, for MiniDisc

VI. DRESSING ROOMS AND QUICK CHANGE AREA:

- 2 Dressing rooms minimum, (2 men, 2 women) with a temperature of 76-78 degrees
- 1 private "quick change" area close to stage (stage left if possible) with a clothes rack

Dressing room details:

- 1 clothes rack in each dressing room
- Well lit mirrors and electrical outlets in each dressing room
- Chairs
- Four clean bath towels (in female dressing room only)
- Ironing board with iron and clothes steamer

VII. PERSONNEL:

- Professional Sound Engineer
- Stage Manager
- Lighting Technician and follow spot operator (s)
- 2 Personnel and table for CD sales during intermission and after the show

LIGHTING OVERVIEW

(25' x 25' minimum stage performance area)

- [] One follow spot and one follow spot operator in addition to the light board operator.
- [] A full color spectrum of gels. A detailed lighting cue sheet, in concert order, will be FAXed to the presenter at least a week before the performance.

SOUND OVERVIEW

HOUSE MIX

For sound check: Set comfortable volume levels and normal (flat) EQ settings on the front four vocal mics. All four mics should be at exactly the same volume to start the sound check. Tom Dustman, Artistic Director, will help adjust EQ settings for the 4 vocal mics and fine-tune the vocal balance volumes at the "trim pots" during sound check. Instrumental balances and EQ will also take place during sound check. Except when soloing, the balance levels on all vocal mics should remain exactly as set during sound check throughout the concert. Solos will be noted by mic numbers in a detailed performance cue sheet FAXed to the presenter or Sound Tech one week before the performance. Faders for the vocal mics should visually be set at "zero" (or your best running volume) and changed only during solos and returned to "zero" **immediately after** each solo.

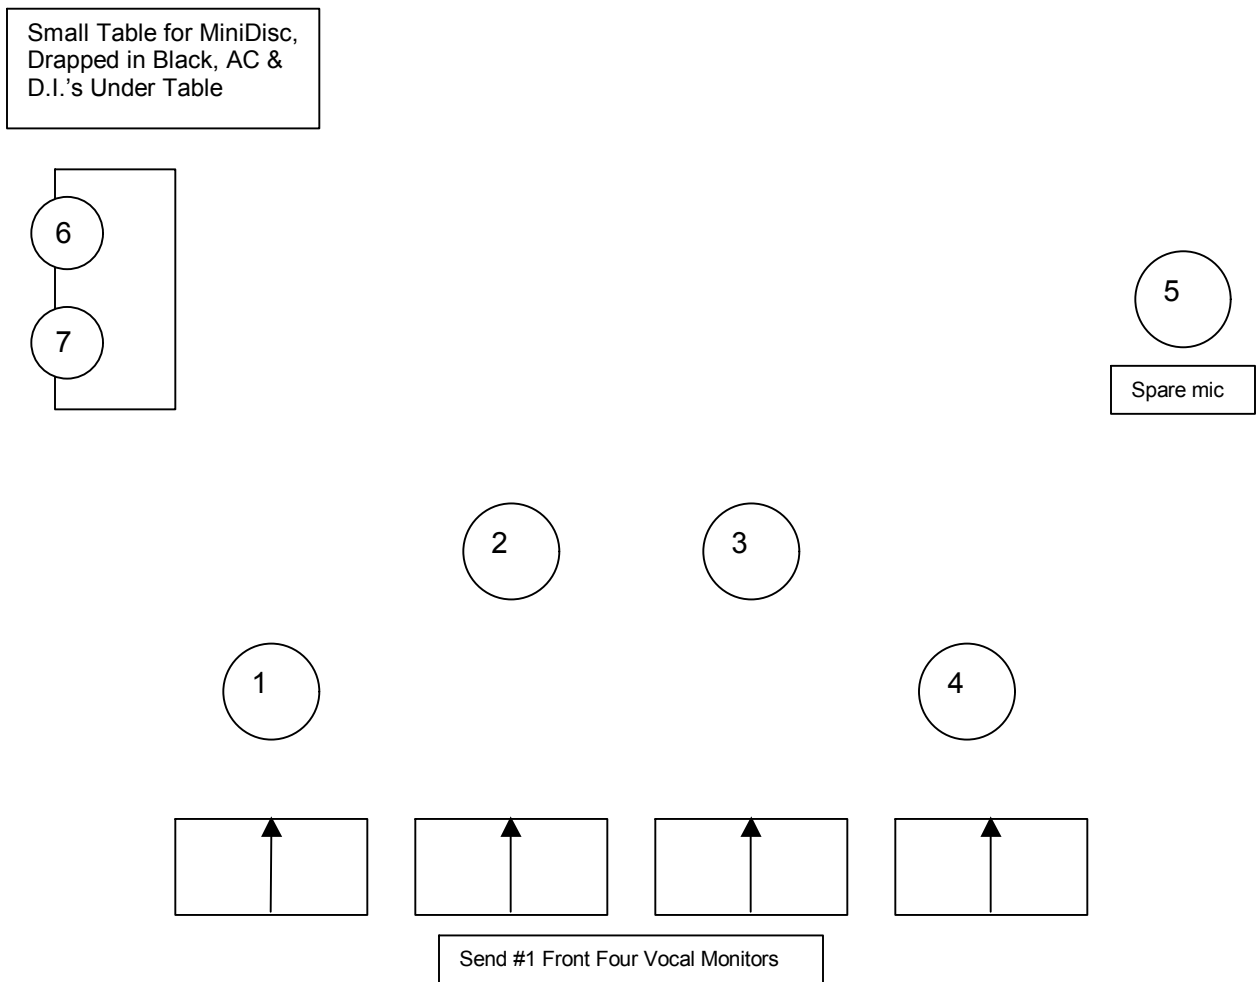

IMPORTANT:

When using a "house" or rented sound system, please have it "up and running" (including monitors) **before** BEACHFRONT's arrival at the sound check. Although seldom a problem, there have been times the P.A. system was **not** ready. This can really break the momentum leading up to the performance and can also cause undo stress for not only the performers, but for everyone involved. If you need more time_or additional information from BEACHFRONT please do not hesitate to call. We are dedicated to doing everything we can to make this concert the best it can possibly be both technically and artistically.

Note to Presenter:

If the mixing console is behind glass (or sliding glass doors) please schedule one extra hour for the sound check. If possible, please move the mixing console to the venue's main floor before BEACHFRONT's sound check.

Stage Plot

Microphone Inputs:

#1 through #4 - Vocal Microphones

#5 spare vocal mic

#6 & #7 – 2, DIRECT BOXES (D.I.'s) for BEACHFRONT'S MiniDisc (1/4 inch "in" and XLR "out")
