

# JOSEPHINE COUNTY COMMUNITY CONCERT ASSOCIATION

Date: March 9, 2007

From: Josephine County Community Concert Association  
Grants Pass, Oregon

To: Live On Stage

We want to share with you how much our membership enjoyed The Great Kaplan. We have 745 seats in the performing arts center, and we had 27 people standing for the performance. We also had a student performance with a full house of Kindergarten through eighth grade students. Several members from other associations traveled to Grants Pass for the performance.

We booked the performance calling the season four concerts and a laugh, and it was a great selling point.

Students and patrons alike were completely mesmerized from minute one of the performance. His skills were very good but the most special thing was how he inserted something creative or new to the "magic tricks". The audience loved the crowd participation in the performance, and the comedy which was always present throughout the performance.

The days following the performance, I had countless calls telling me how much they enjoyed the "laugh".

One of the things that make Community Concerts so special, is the variety and scope of the choices we can make. For all of us, the surprise and joy of experiencing something new and or creative is good for the soul.

Thank you for having "The Great Kaplan" as one of our most special experiences for the concert season.

Sincerely,

Diane Hess, President
